

PowerPoint Presentation

BCISL 1305/COSCL 1301 Lab

Due: June 22, 2017 – For this assignment, you will be creating a PowerPoint Presentation over a topic of your choosing. For example, you could choose to create a PowerPoint Presentation on a hobby, your family, the career you are wanting, etc. This assignment must be done in Microsoft PowerPoint and cannot be done inside of SAM.

1. Create a PowerPoint Presentation that contains at least 15 slides.
2. Your presentation should tell a story or follow some logical order.
3. Your final slide should always be a closing.
4. You must have at least 4 pictures inserted from a saved file or online pictures.
5. You must have slide transitions on every slide.
6. You must have text or picture animation on every content slide.
7. You need to use either a background color or theme.
8. Sound effects and/or audio/video clips will enhance your presentation. You must include at least 1 of these in your presentation.
9. Your presentation will be graded on content, flow, and if you have met the requirements listed above.
10. Save your presentation to your USB drive.
11. Upload your presentation in BlackBoard by opening the PowerPoint assignment inside Units/Assignments -> Unit 2 – June 8 -> Homework and clicking on Browse My Computer and choosing your presentation, then be sure to click on submit.
